

Wireless LAN (WLAN) in the public library at the Mailänder Platz

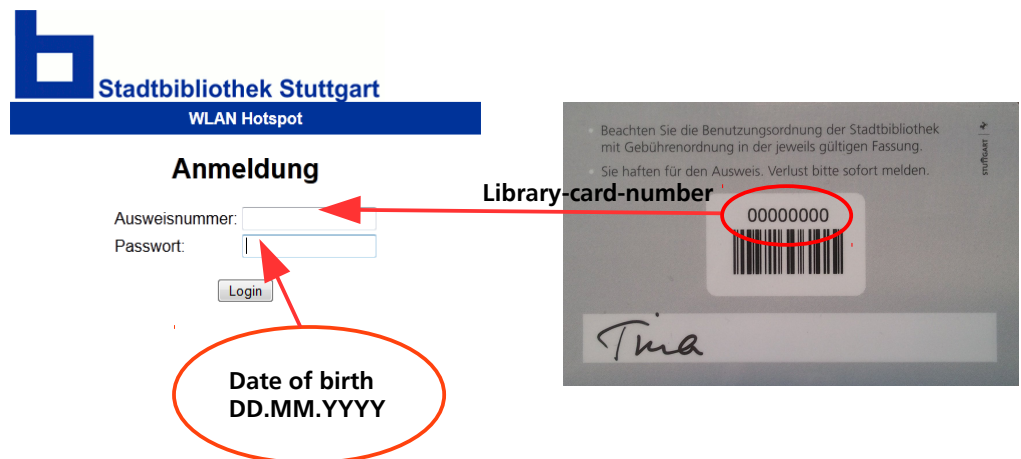

If you bring your own device please connect it to this network:

Network-Name: **Passwort=Bibliothek**
Password: **Bibliothek**

Once your device is connected to the above network start your web-browser (e.g. Mozilla Firefox, Google Chrome, Internet Explorer, Safari etc.) and open a web-page.

Manually accept the „untrusted“ or „unknown“ security certificate to be redirected to our login-page for internet access.

To login you have to put your **library-card-number** into the field „Ausweisnummer“ and your **date of birth** (DD.MM.YYYY) into the field „Passwort.“

The image shows a login page for the Stadtbibliothek Stuttgart WLAN Hotspot. The page has a blue header with the library logo and the text "Stadtbibliothek Stuttgart WLAN Hotspot". Below the header, the word "Anmeldung" is centered. There are two input fields: "Ausweisnummer:" and "Passwort:". A "Login" button is located below the "Passwort:" field. A red circle highlights the "Date of birth DD.MM.YYYY" text, with a red arrow pointing to the "Passwort:" field. To the right, a library card is shown with a red circle around the number "00000000" and a red arrow pointing to the "Ausweisnummer:" field. The card also features a barcode and the name "Tina".

Technical details:

- DHCP must be active
- DNS-Servers configured automatically
