STADTBÜCHEREI
FÜR KINDER

WELCOME TO THE STUTTGART CHILDREN'S LIBRARIES!

In our libraries children are the kings and queens and the media are their servants, which the children get to know well and are able to put to use for their own needs. This checkbook-sized information packet offers a general overview of the entire range of programs for children. Please ask the professionals at the nearest branch library about the services and media available there.
